

# OMEGA 3 RICH LEG UP PERFORMANCE OIL

## Omega Enriched Cold Pressed Oil

Leg Up Equine Oil has been specially formulated to provide the horse with its nutritional and therapeutic requirements and to assist in gaining peak performance.

Cold pressed rapeseed oil has an optimum omega-6 to omega-3 ratio (2:1). We enrich the rapeseed oil with marine oil from NZ caught fish that are high in fatty acids: EPA and DHA. These long chain omega-3 fatty acids improve the horses' blood circulation and oxygen delivery to its muscles. Our promise is to provide Leg Up Equine Oil that is natural, fresh and ready to give you the edge over your competition.

### Key Benefits:

- Promotes coat shine and improves condition.
- Assists respiratory health and blood flow.
- Balanced source of essential fatty acids critical to your horses' health and diet (including the critical long chain omega 3s: EPA and DHA).
- Cool source of energy
- Maintains cell membranes

### For Best Results:

- Feed in conjunction with a balanced diet
- Feed in conjunction with Leg Up Meals

### Feed Rates:

Commence feeding at 30-40ml per day, gradually increasing over 10-14 days to required level:

Weight range of horse	Light Work	Competition
300-400kg	40-60ml	50-100ml
400-500kg	50-100ml	100-150ml
500-600kg	60-120ml	150-200ml

### Nutritional Information:

Major Nutrients	per 1kg
Digestible Energy	37 MJ
Crude Fat	100%
Saturated	6%
Polyunsaturated	31%
Monounsaturated	63%
Vitamin E	250mg
