Pure Oil
NEW ZEALAND LTD

NEW ZEALAND MADE
HIGH PROTEIN MEALS

Pure Oil NZ produces a range of high quality oilseed protein meals for the New Zealand petfood industry. All meals are derived from cold pressed seed, with selected products undergoing extrusion to optimise digestibility, ingredient functionality and handling performance for animal feed applications.

Our cold pressed then extruded model allows us to retain nutritional value from gentle oil extraction, while applying a controlled heat treatment where required to enhance suitability for petfood manufacturing.

We offer a variety of options including very high protein and fat content.

- SUPPLIED FRESH
- HIGH PROTEIN
- HIGH FAT CONTENT
- NZ MADE NON-GMO
- COLD PRESSED NO CHEMICALS

NEW ZEALAND MADE®

Protein meals are supplied fresh and in a range of formats to suit your production.
